### SMARTIFY YOUR BUSINESS. PRINTING INNOVATION.

In modern society, keeping up with technology is critical to the success of any business or the productivity of any individual. The choice of technology can be the difference between survival and leadership.

As the workplace becomes more digitized and the workforce becomes more mobile, printer and copier devices must also adapt and evolve.

Printer technology and satisfaction lag the electronics innovation most employees expect. Nor has there been any major entrant to help shake change.

Until now.

Samsung is applying its ingenuity to develop breakthrough printing solutions that ignite productivity. Only Samsung has the electronics expertise to design and build a printer that fits the way society works today.

Printing for the modern world has arrived.

**Samsung is printing innovation.**

PRINTING INNOVATION.

SAMSUNG  
BUSINESS

# Ultra-Efficient MFPs for Maximum Business Performance

Print productivity and cost control are top of mind for today's small and medium businesses (SMBs). They require high-speed, easy-to-manage print solutions that drive cost efficiency and reliable, secure operation for minimal down time, maintenance and risk.

The Samsung ProXpress M4080FX multifunction printer (MFP) produces professional-caliber prints and scans with ultimate performance and versatility. A 1 GHz dual-core processor and Dual-Scan Document Feeder (DSDF) technology deliver ultra-fast printing and scanning speeds. What's more, it easily handles heavier papers for less maintenance and down time.

Operation has never been easier with its efficient, serverless design and suite of smart device management features. Staff can work smarter with an intuitive 7-inch touchscreen that offers the same responsiveness as a smartphone. Plus, robust reliability and full security ensure print operations are seamless and worry-free.

## Samsung ProXpress M4080FX

### Drive productivity with high-speed, exceptional prints and scans

- Faster printing with a 1 GHz dual-core CPU
- 3x faster ultra-high duplex scanning with DSDF
- Better quality text and images with Rendering Engine for Clean Page (ReCP) technology
- Heavier paper handling with 3 x 550-sheet Second Cassette Feeder (SCF)

### Smart device management with more solutions and 7-inch capacitive touchscreen

- Flexible eXtensible Open Architecture-Embedded (XOA-E) platform
- Serverless in-house solutions
- Fleet management from virtually anywhere
- Intuitive 7-inch capacitive touchscreen
- Convenient mobile authentication (NFC Pro)

### Robust reliability for carefree operations

- Certified safe toner (TÜV)
- Enterprise-level security for safer printing
- Best-in-class maximum monthly duty

# Drive Productivity with High-speed, Exceptional Prints and Scans

## Faster printing with a 1 GHz dual-core CPU

ProXpress M4080FX powers speed and performance with a 1 GHz dual-core processor and 1 GB of memory.

- Prints up to 40 pages per minute (ppm)
- Reduces completion time of even the heaviest print and copy jobs

## 3x ultra-high duplex scanning speeds with DSDF

The M4080FX delivers ultra-fast, best-in-class scanning speeds with its built-in DSDF technology.

- Scans up to 35 single-sided images per minute (ipm)
- Scans up to 60 double-sided ipm for color and mono, which is approximately 3 times faster than Reverse Automatic Document Feeder (RADF) technology

## Better quality text and images with ReCP

The M4080FX features Samsung's unique ReCP technology to improve readability of printed documents.

- Refines text by enhancing thin lines and sharpening edges of negative text
- Sharpens images by reducing noise, banding and jitter

## Heavier paper handling with 3 x 550-sheet SCF

The M4080FX enhances printer performance with a robust design built to handle heavier papers.

- Save maintenance time with reliable paper handling
- Configure options to handle up to 2,300 sheets: 550-sheet SCT + 100-sheet MP + 550-sheet SCF x 3\*

\* SCT: Standard Cassette Tray; MP: Multipurpose Tray; SCF: Second Cassette Feeder

# Smart Management and Custom Solutions on an Intuitive Touchscreen

## Build an efficient printing system with XOA-E platform

Samsung's unique XOA-E platform hosts Samsung, partner and independent software vendor (ISV) solutions on M4080FX series printers to create customized modifications specifically tailored to your business requirements.

- Installs solutions directly on the printer to instantaneously extend functionalities
- Provides flexible, customized solutions without a server for low total cost of ownership (TCO)

## Serverless in-house solutions for efficient administration

Samsung's Business Core™ Printing Solutions (BCPS) offer cost-effective serverless solutions that are easy for SMBs to install and manage.

- Requires no dedicated server and IT resources
- Connects up to five XOA-Web devices to one XOA-E model device for easy pull printing

## Fleet management from virtually anywhere

Samsung's Fleet Admin Pro enables device management from virtually anywhere.

- Offers multi-server support for up to 30,000 devices
- Includes an embedded site manager, saving the cost of a server and onsite IT administrator

## Convenient authentication using a mobile phone

The M4080FX delivers secure authentication and mobile tap-to-print functionality with Samsung's active Near-Field Communication (NFC) technology.

- Enables authorized users to tap and print to a Samsung MFP from their mobile devices
- Allows users to authorize secure release of documents via BCPS with just a tap of their mobile devices
- Enables secure printing, easy Wi-Fi setup and management with the Samsung MobilePrint Pro app

NFC Pro function is available with an **wireless/NFC kit**

## Intuitive 7-inch capacitive touchscreen

A generous, 7-inch highly sensitive touchscreen provides an enhanced user experience with the same responsiveness and ease of use as a smartphone or tablet touchscreen.

# Reliable, Secure and Eco-Safe Printing for Greater Peace of Mind

## Certified safe toner (TÜV)

You can breathe easy when you print from the M4080FX MFP, knowing our genuine Samsung toner has met the strict safety emissions requirements set by TÜV Rheinland®, a world-renowned independent inspection service provider.

## Enterprise-level security for safer printing

The ProXpress M4080FX MFP offers industry-best control of user, document and network access at the enterprise security level.

Feature	Description
Authentication	Supports authentication through 802.1x, Simple Mail Transfer Protocol (SMTP), Lightweight Direct Access Protocol (LDAP) and Kerberos™ technologies, along with network user authentication at the control panel
Access Control	Enables administrators to lock/disable the control panel and restrict direct printing access to the address book and the USB port
Job Protection	Protects print jobs with secure print, encrypted scanning, digital signatures and job logs
Network Security / Protocols	Secures company network and protocols through protocol and port disablement, IP and MAC address filtering, Secure Sockets Layer (SSL), Transport Layer Security (TLS) and other network security technologies
Hard Disk Protection	Safeguards the hard disk with encryption and overwrite capabilities

## Best-in-class maximum monthly duty cycle

ProXpress M4080FX provides highly reliable operation with a best-in-class maximum monthly duty cycle to ensure every job is handled to perfection.

- Offers a 120,000 monthly duty cycle
- Ensures less focus on the device and more on your business

Samsung's workhorse ProXpress M4080FX primes small to medium-sized enterprises to compete in this fast-paced marketplace with the speed, agility and reliable performance they require.
