CONSULTING REALISATION EFFICIENCY

The efficient all-rounder.

If you're looking for excellence, this b/w multifunctional system is the perfect choice, because copying, printing, scanning and optional faxing with a high degree of efficiency are this talented all-rounder's strong points. The ideal system for medium-sized teams or small departments, the DC 2430 provides a first page after just 5.1 seconds and stands out with an impressive 30 A4 pages or 15 A3 pages per minute, respectively. Productivity is a given for this reliable multifunctional, scanning at a speed of up to 50 pages per minute in b/w and 15 pages in colour, whilst also featuring a variety of functions like scan to PC, scan to e-mail, scan to FTP and scan to USB. Indeed, there is unlimited potential for customisation, as the innovative HyPAS technology allows user-specific workflows to be integrated quickly and easily for maximum flexibility and user-friendliness.

A real performer.

The DC 2430 has the ability to deal with paper formats ranging from A3 to A6R, and paper weights of up to 200 g/m² as well as a maximum paper capacity of up to 2,200 pages, therefore, any kind of office document can be processed perfectly. The high standard memory capacity of 2,048 MB and a 160 GB hard drive ensures smooth network printing and optimal data management. What's more, the DC 2430 multifunctional system provides a wealth of features to make office life easier. Such as an adjustable colour touch screen, a multi-tasking controller, job reservation and up to 1,000 management codes, and for fast faxing, the use of two optional Super G3 fax kits provide you with the time-saving ability to simultaneously receive and send faxes. Last not least, this capable system

DC 2430
